The combination of our products translate into much more than a Juice Bar

**Real Fruit Smoothies**

With today's diet lacking the nutritional benefits found in nature's fresh fruits, and with most adults consuming fewer than the recommended five servings per day, Smoothie Factory sought whole fruits with their rich nutritional values as the primary ingredients. Drinking your fruits can help you meet your daily requirements and get all of the beneficial nutrients, making it the perfect foundation for Smoothie Factory smoothies. Now thanks in part to Smoothie Factory, Mother Nature's whole fruits can be enjoyed in twenty-nine different combinations.

Real Fruit Smoothies

**Authentic Frozen Yogurt**

Our frozen yogurt recipe is made with real milk and real nonfat yogurt that has been certified by the National Yogurt Association. Our distinct flavors and daily fresh cut fruit toppings are specifically designed to harmonize with the signature Smoothie Factory yogurt tang and offer an incomparably refreshing taste. Choose from 6 rotating yogurt flavors and 36 yogurt toppings daily.
