THE C HOUSE COLLECTION^{CH}

“C House” was created in 2006 by Milan natives, Alberto Poli and Cristiano Iezzi.

The rich history of the Poli’s family Coffee product, dating back to the 1962 and later exported globally. This, combined with Cristiano’s 15 year experience, running franchise businesses, is the driving force behind both “C House’s” growth and success. After the launch of the first branch 12 years ago, the business has expanded to 50+ stores, in more than 8 countries worldwide.

The “C House” concept looks to innovate the traditional high-end cafe experience, for the modern audience. We would like to invite you to join us, into our world of fresh roasted coffee, premium desserts, gourmet main dishes and signature cocktails set amongst a backdrop of trendy decor, outstanding customer service and Italian charm. “C House” is synonymous with something special!
